Offer letter (synthetic draft)

To: Rohan Iyer (synthetic person)

This made-up letter tests protected documents on tasks. It holds no real terms.

Every task names one person, one date and the value it unlocks.

Steps are short, numbered and start with a verb.

Proof is a link or a file anyone on the task can open.

Blockers name the task they wait on, so someone owns them.

Every task names one person, one date and the value it unlocks.

Schedule

Every task names one person, one date and the value it unlocks.

Steps are short, numbered and start with a verb.

Proof is a link or a file anyone on the task can open.

Blockers name the task they wait on, so someone owns them.
